

The Premier Pavement Sign is an innovative new unit that allows the graphics to be easily replaced in the field. Designed with a unique, sophisticated, curved shape; the Premier Pavement Sign is ideally suited for use outdoors as well as indoors in shopping malls, restaurants and cafes, retail outlets and banks. The water-filled base ensures that the unit is extremely stable.

The Premier Pavement Sign:

- Unique sophisticated shape.
- Graphics can be replaced quickly and easily in the field.
- Very robust - built to last
- Can be used internally or externally

The Premier Pavement Sign is extremely versatile as either litho printed paper graphics, digital or silk-screened images can be used. This provides for an upmarket and sophisticated signage system. By simply removing two screws, the graphics can be replaced very easily. This makes it ideally suited and cost effective for applications where images are changed frequently.

Premier Pavement Sign Kit

The Pavement Sign is supplied flat-packed in kit form and includes the following:

- ABS Panels for print application
- Aluminium Side Strips
- Rota-moulded plastic base
- ABS plastic Capping Strip
- Internal Nesting - for rigidity
- All Hardware

Easy Assembly

Step 1

Begin by filling the base with water and inserting the two aluminium side strips into the base and fixing them in place with the screws provided.

Step 2

Apply your vinyl print to the ABS panels provided and slide the rear poster into the rear track of the side strips.

Step 3

Assemble the provided nesting and insert it into the frame. This nesting provides rigidity to the unit.

Step 4

Insert the front poster into the front tracks of the side strips.

Step 5

Place the capping strip over the top of the unit and secure in place with the supplied screws.

Congratulations!

You have completed the assembly of your Pavement Sign.

Standard Colours.

On orders of 300+ we are able to customise
